

How to find us...

**K9 Clip and Shine is located at:
8 Greenhills Close, Kingsthorpe, Northampton
(Please park at St Mark's Crescent NN2 8EG)**

Customer Parking is located in the next street behind the salon in St Mark's Crescent, Northampton NN2 8EG, opposite the Church in the parking area cut into the green as shown on the map.

From the parking area it is a short walk of less than 1 minute to reach the salon.

Simply park in the area shown on the map and then while keeping your back to the Church walk along the path to the far opposite corner where you will find a small alleyway (not the one at the side of the Church).

At the top of the alleyway the first house immediately on the left is where you will find the salon, just look for the signs of the purple dog!

The St Mark's Crescent car park must be used at all times when arriving and collecting your pets from the salon. However, if you are disabled or have any special mobility needs (or your pet has mobility problems) then you may park directly at the salon with prior arrangement.

Keeping the local area tidy: Lastly, although any dog waste while at K9 Clip & Shine is cleaned up on site, in the event of your dog deciding to go to the toilet on the short journey to the salon from the car park I would be grateful if you would pick it up. I am more than happy to dispose of it for you at the salon and can also provide doggy waste bags if needed.

If you need any help finding us then please don't hesitate to call.
